

Personalia

Name, first names: Alex de Vries, Alexis Cornelis
Date of birth: 30-08-1982
Location of Birth: Rotterdam, the Netherlands
Nationality: Dutch
Marital state: Living together

Profile

Enthusiastic, positive and inquisitive problem solver, capable of independent and collaborative decision making to meet and deliver upon assigned responsibilities and goals. I am open in my communication style, working well individually or as part of a team. I like challenges and face these with a can-do attitude and not a 9 to 5 mentality. Steadfast, creative, proactive, organizer, dedicated and result oriented where delivery is my strength.

Vertical Market Experience

Telecom, Industrial automation, Finance and Utilities

Work:

CGI

Mar 2013 – Current

Domain Architect

KPN/CGI

As NWA domain architect, on NIM Release management program which is responsible for delivering Network Operator business functionality for the Service Providers of KPN, I am responsible for all network domains, and technology as well as data architecture. Furthermore I'm responsible for writing cross domain business requests, creation of project start architectures cross domain, implementing business intelligence into volume and value chains and agreeing this with stakeholders.
